

## Units 10-12: Science – The moon

Do you know much about the moon? Do the webquest and find out.

1 Use the Internet to find the information and do the quiz.

1 What is the distance between the Earth and the moon?

2 What is a lunar phase?

3 What is a “blue moon”?

4 How old is the moon?

5 Who was the first man to walk on the moon?

6 When did he do that?

7 What did he say when they landed?

8 What did he say when he put his foot on the moon?

9 What was the name of the mission?

10 Who were the other two astronauts with him?

2 **PROJECT:** Make a presentation about a space mission. Use the Internet to find images and videos for it and explain when it happened, the mission name, the mission objectives, who the astronauts were and what happened (60 words). Show your work to your parents and explain what it shows.
