This is a very famous painting of mine.

Do you think she is happy or sad?

Do you know we live on a planet called Earth?

Earth looks like a ball.

It spins slowly all the time.

When one side of Earth faces the Sun, it is day.

I am a water droplet.

When I am a liquid, I live in the streams, rivers and oceans.

When the Sun warms me up, I turn into a gas.

I become a fluffy white cloud and float in the sky!

My father is a musician, and so is my older sister.

I can play the piano, organ, violin and more.

I can compose music anytime and anywhere.

For me, I am just happy that people like my music.

Who can be the hero who will save Earth?

Let's reduce the amount of Earth's resources we use.

Let's reuse things instead of buying new ones.
