Have you ever wondered why things fall down and not fall up?

Sir Isaac Newton did! He was one of the most famous scientists in the world. He was made a knight by the Queen for all he had done and his cleverness.

When Beethoven was ten years old, he started taking lessons from another teacher. Mozart, the famous composer, heard Beethoven play on the piano. He was impressed and said that Beethoven would be a famous musician one day.

Once upon a time, there lived a handsome prince called Vincent.

One day, Prince Vincent set off to find a princess to marry. He saw a dwarf crying under a tree. "What's wrong, Mr Dwarf?" Prince Vincent asked.

"Rainbows are made when the sun shines through raindrops!" said Jane. They made many holes in a long hose in the garden. Sunlight shone through the water. There were many beautiful rainbows!

Andy was a diver in the deep sea! Schools of fish and a big turtle swam around Andy. There were also corals in many colors and shapes.

"I love the underwater world! I want to stay here forever!" thought Andy.
